We currently offer a range of Business Applications to provide our customers visibility into their country programs.

The Application Suite is a re-host of the most commonly used SAMIS queries such as: Requisition History, Catalog Data, Contract Data and Narrative.

We also provide a number of Logistics and Financial Applications as well as Worldwide Warehouse Applications (WWRS), Technical Order Index, Parts and Rep (PROS) II Monthly Metrics, Letter of Request (LOR) Submission/ Validation and AFSAC Online Metrics.

We are constantly striving to develop new tools for our customers. Look for account automation features such as automated password resets and additional AFS upcoming months.

Access our business applications directly from our navigation menu on the left side of all our pages.

Catalog Query

Practice

Now it is your turn:

- Use your own AFSAC Online user ID and password, and practice displaying catalog data for the National Stock Numbers (NSNs) for your requisitions.
